Extract		
Static Pressure	Air Volume	Noise Level
Pa	l/s	NR
5	650	24
10	900	30
15	1150	35
20	1340	40
25	1500	42
30	1700	44
35	1850	46
40	2000	48

Selection Example

Air Vol/Grille = 750 l/s

Nearest tabled volume = 650 l/s

Performance based on 650 l/s, 5 Pa, NR24

If actual volume per diffuser is different, pro rata performance to suit.

Performance adjusted to suit actual volume of 750 l/s, 6 Pa, NR25.

All performance is for guidance only.
